Dear Mr. Penney and Ms. Scholz:

On February 2, 2004, we received your notices of intention to transfer the above mentioned permits from David Penney/Penney's Gemstones to Penney's Gemstones, LLC or Earth's Partners, LLC. We also received a copy of your Certificate of Registration from the Division of Corporations showing that Penney's Gemstones, LLC is registered with the state of Utah. Thank you for providing that information.

We regret to inform you that the transfers are deficient. The legal description is not included. Rather the statement "see file" is written in where the legal description needs to be placed. The document needs to be complete before upper management will allow this to go through to the Division Director. We are not legally allowed to alter a document that has been signed and notarized to add the information, even if we knew exactly what the legal description of the land affected was. Also, a topographic map was not submitted with the transfers. Page one of the transfer form states, "Attach a topographic map . . . of suitable scale . . . which clearly outlines the existing disturbed area boundaries affected by the operation through the date of this transfer."

We are returning the transfer forms to you to complete (or redo). Please provide the missing information along with clearly marked maps, and then return to us for acceptance by the Division Director. Please be advised that you will also need to notify the BLM that you are changing the operator name. The local area BLM may be able to help you with disturbed area maps if you don't have accurate maps.

Thank you for your help in finalizing this permitting action. Please contact me at (801) 538-5321 if you have any further questions in regard to this letter.

Sincerely,

## DIVISION APPROVAL CERTIFICATION

This is to certify that I have examined this application for transfer of the aforementioned small mining operation and do hereby grant approval of the same, subject to the following limitations:

- (a) This transfer of small mining permit grants only the right to affect the lands as legally described in this application.
- (b) The transferee, or such other person as required by UCA 1953, Title 40-8, as amended, has acquired the legal right to enter and mine the lands as described in this application.
- (c) A topographic map of suitable scale is attached (as Appendix "A") which clearly outlines and labels the existing disturbed area boundaries through the date of this transfer.
